

We Learn, We Build, We Play with...
LEGO® Bricks

SUMMER EVENING CLASSES

BUILDING WITH LEGO® BRICKS

SPACE ADVENTURES June 18th – July 23rd

Bricks 4 Kidz® Space Adventures provides the spark for imagination and creativity to take off on an adventure that's out of this world. Each day, students will learn about real-life space exploration and build models related to the NASA space program. In addition, the class includes a LEGO® Star Wars™ model build, game or group challenge.

AMUSEMENT PARK July 30th – Sept 3rd

Get your ticket to ride at Bricks 4 Kidz® very own amusement park! Students will build a new ride each day, learning the physics of how things spin, roll, turn and rock. Then they will take what they have learned to design their own thrills and challenges. Motorized models maximize the action and the fun. Each day includes a carnival-themed game, group challenge, model-building and more.

Tuesdays

6:30 – 7:30 pm

Ages 5-13

\$72 per Session

This is a hands-on class where participants will design and build educational models including motorized machines using LEGO® bricks, gears, motors and remote controls.

Each attendee customizes a mini-figure and takes it home at the end of the session!

**Classes held in Environmental Services Building
at Chambers Creek Regional Park**
